

PRiSM 2027 Annual Meeting

AOSSM Exchange Lecture

David Wasserstein, MD, MSc, MPH, FRCSC

We are excited to share that David Wasserstein, MD, MSc, MPH, FRCSC, will be presenting the AOSSM Exchange Lecture at the PRiSM Annual Meeting. Dr. Wasserstein will focus on the role of peptides and biologics in sports medicine.

Dr. Wasserstein is a knee surgeon at Sunnybrook Health Sciences Centre in Toronto, Ontario, Canada. His practice covers both adult and pediatric knee trauma and joint reconstruction. He is a member of the International Knee Dislocation Study Group (IKDSG) and the Research in Osteochondritis Dissecans of the Knee (ROCK) study group. His research interests include clinical outcomes, biomechanics and translational and clinical research into the safe and effective use of performance enhancing drugs for recovery from musculoskeletal injury or surgery.
